YCCify - Yeshwantrao Chavan College of Engineering

IT701 - Machine Learning | Dr. S. S. Khedkar

Machine Learning - End Sem Exam Winter 2024

Topic: PYQ with Model Solutions

YCCE Semester 7 Examination

Course: Machine Learning IT701

Section A 30 Marks:

1. Differentiate between Bagging and Boosting algorithms with diagrams. 10 Marks
2. Derive the dual formulation for linear Support Vector Machines. 10 Marks
3. Calculate Information Gain for weather outlook dataset. 10 Marks

Machine Learning - End Sem Exam Winter 2024

Topic: PYQ with Model Solutions

Section B 40 Marks:

4. Explain Backpropagation algorithm step by step with equations. 15 Marks
5. Write Python code to train K-Means and find optimal k using Elbow method. 15 Marks
6. Short notes on Convolutional Neural Networks and pooling layers. 10 Marks
